ABOUT ME

Results-oriented software engineer with 3 years of experience delivering high-quality software solutions. Proficient in .NET C#, Python, ASP.NET, JavaScript, and PHP. Strong communication and problem-solving skills combined with a focus on writing clean, efficient, and reliable code.

WORK EXPERIENCE

🏢 **KNORR-BREMSE SYSTEME FÜR NUTZFAHRZEUGE GMBH** – Germany

Country: Germany

Software Developer

[01/11/2023 – Current]

- Collaborated with a specialized team to design and implement a mission-critical automated testing framework for commercial vehicle brake systems, supporting the company's global development infrastructure.
- Engineered key components of the framework to support end-to-end automated testing, ensuring compliance with safety and performance standards.
- Contributed to a 50% increase in test accuracy and a 70% improvement in execution speed, significantly enhancing validation efficiency and product reliability.

🏢 **Knorr-Bremse R&D** – Budapest, Hungary

City: Budapest | Country: Hungary

Embedded systems software developer

[01/08/2022 – 01/11/2023]

- Developed a custom Integrated Development Environment (IDE) for the company's proprietary scripting language, enabling test engineers to write test scripts more efficiently.
- Increased script development speed by 70%, enhancing overall testing efficiency.

EDUCATION AND TRAINING

Computer Science

Eszterhazy Karoly Catholic University [01/09/2024 – 31/12/2026]

City: Eger | Country: Hungary | Website: <https://uni-eszterhazy.hu/>
